

The Vision

The project will benefit the local community creating a welcoming and inclusive environment to encourage wider participation in social, well-being and physical activities.

The *objectives* of the project are:

- To create a multi-functional facility, to serve as a catalyst for *positive change*, actively promoting a *healthier lifestyle* among residents
- To create an environment that encourages *community and sports events* but also actively contributes to the overall well-being of the residents.
- The centre should offer a diverse range of sports and activities that resonate with the community.
- To create a *facility at the heart of the community*, which is valued and used by the community for decades to come.
- To offer a more *inclusive environment* for athletes with disability
- To meet the demand of the groups involved in the social life of Wonford delivering a Hub focus on the *community needs*.

Will it have a Health Service?

Health

Our reply:

The Centre, in synergy with the NHS, local GP's and health practitioners, will deliver a comprehensive approach to health and wellbeing through activities that encompasses health promotion and referral programs.

Will the building be fully accessible?

Access

Our reply:

The layout of the centre enhances accessibility, accommodating the needs of various age groups and also ensuring that individuals with different abilities can actively participate.

Will the cycle and pedestrian connections be improved?

Connections

Our reply:

To facilitate the use of the playing fields, located at the southern part of the site, the centre open towards the Ludwell Valley Park providing a visual connection. With DCC, we are exploring improvements to cycle and pedestrian routes.

Will the existing facilities stay open during construction?

Our reply:

The existing centre will be demolished in phases, allowing the continuity of key activities in the two Halls.
